

# Responsible Brands Directory

You can change the story of your closet

• • •

As consumers it's our responsibility to know the companies we buy from, to ask where and how they source their materials and to understand the ecological and social impact of the products we buy. This directory is a starting place for consumers on their search for responsible companies. We've included companies that use organic fibers, fair trade and ecological processing. Learn more at [regeneartioninternational.org/carewhatyouwear](http://regeneartioninternational.org/carewhatyouwear).

## Rating:

\*\*\* Brands that are top leaders in at least one of three areas—ecological materials, fair trade, or fair labor—and also address all three to some extent.

\*\* Brands that address regenerative materials, fair trade, or fair labor in at least some product lines, and have demonstrated commitment to continuous improvement.
